TABLE OF CONTENTS

SECTION 1: Advanced File Tasks	6
Lesson 1.1: Using My Computer within Excel	7
<i>Using the My Places Toolbar</i>	8
<i>Navigating with My Computer</i>	13
<i>Performing Basic Tasks with My Computer</i>	14
<i>Changing Views</i>	16
Lesson 1.2: Saving your Files	20
<i>File Formats</i>	20
<i>File Properties</i>	23
<i>AutoRecover</i>	32
<i>Upgrading a Workbook</i>	34
Lesson 1.3: Using Templates	36
<i>Opening a Template</i>	36
<i>Downloading a Template</i>	39
<i>Using a Template</i>	41
<i>Creating a Template</i>	42
SECTION 2: Working with Functions and Formulas	44
Lesson 2.1: Using Formulas in Excel	45
<i>Understanding Relative and Absolute Cell References</i>	45
<i>Basic Mathematical Operators</i>	48
<i>Using Formulas with Multiple Cell References</i>	49
<i>The Formula Auditing Buttons</i>	49
<i>Fixing Formula Errors</i>	52
<i>Displaying and Printing Formulas</i>	53
Lesson 2.2: Exploring Excel Functions	56
<i>What are Functions?</i>	56
<i>Finding the Right Function</i>	64
<i>Some Useful and Simple Functions</i>	67
Lesson 2.3: Using Functions in Excel	69
<i>Inserting Functions</i>	69
<i>Using Functions and AutoFill to Perform Difficult Calculations</i>	72
<i>Using the IF Function</i>	75
<i>Working with Nested Functions</i>	75
Lesson 2.4: Working with Names and Ranges	77
<i>What Are Range Names?</i>	77
<i>Defining and Using Range Names</i>	77
<i>Selecting Nonadjacent Ranges</i>	79
<i>Using AutoCalculate</i>	80
Lesson 2.5: Working with Array Formulas	83
<i>What are Array Formulas?</i>	83
<i>Using Basic Array Formulas</i>	83
<i>Using Functions with Array Formulas</i>	86
<i>Using the IF function in Array Formulas</i>	88
SECTION 3: Managing Tables	92

Lesson 3.1: Working with Tables	93
<i>What is a Table?</i>	93
<i>Creating Tables</i>	94
<i>Modifying Tables</i>	97
<i>What is the Total Row?</i>	99
Lesson 3.2: Working with Records and Fields	102
<i>What are Records and Fields?</i>	102
<i>Adding Fields by Inserting Columns</i>	103
<i>Adding Records by Inserting Rows</i>	104
<i>Quickly Adding Records to a Data Table</i>	104
<i>Deleting Records or Fields</i>	106
Lesson 3.3: Working with Tables and Filters	107
<i>Sorting Data in a Table</i>	107
<i>What is an AutoFilter?</i>	110
<i>Custom AutoFilters</i>	113
<i>Using an Advanced Filter</i>	116
<i>Copying Filtered Records</i>	118
Lesson 3.4: Using Excel as a Database	120
<i>Filtering with Wildcard Characters</i>	120
<i>Validating Your Data</i>	123
<i>What are Database Functions?</i>	129
 SECTION 4: Enhancing your Workbook	 133
Lesson 4.1: Customizing your Workbook	134
<i>Inserting a Symbol or Special Character</i>	134
<i>Adding and Editing Shapes</i>	136
<i>Creating and Altering Diagrams</i>	144
<i>Changing the Diagram Type</i>	150
<i>Incorporating Text</i>	152
<i>Adding a Signature Line</i>	154
Lesson 4.2: Working with Text Boxes	157
<i>Adding a Text Box</i>	157
<i>Selecting a Text Box</i>	159
<i>Manipulating a Text Box</i>	160
<i>Formatting a Text Box</i>	162
Lesson 4.3: WordArt	168
<i>Adding WordArt to your Spreadsheet</i>	168
<i>Changing the Font Color</i>	173
<i>Changing the Outline Color</i>	175
<i>Adding Effects</i>	176
Lesson 4.4: ClipArt	178
<i>Finding ClipArt</i>	178
<i>Inserting ClipArt</i>	182
<i>Manipulating ClipArt</i>	183
<i>Inserting a Photographic Image</i>	184
Lesson 4.5: Using Objects	187
<i>Creating New Embedded Objects</i>	187
<i>Embedding Existing Files</i>	191
<i>Editing Embedded Objects</i>	193
<i>Embedding Parts of Files</i>	197
 SECTION 5: Finalizing Your Workbook	 200
Lesson 5.1: Protecting your Workbook	201

<i>Protecting your Workbook</i>	201
<i>Protecting your Worksheets</i>	203
<i>Unlocking Cells</i>	205
<i>Protecting your Excel Files</i>	208
Lesson 5.2: Finishing Your Workbook	211
<i>Using the Document Inspector</i>	211
<i>Using the Compatibility Checker</i>	216
<i>Marking a Workbook as Final</i>	220
Lesson 5.3: Using Excel in Word	223
<i>Inserting Excel Data in Word</i>	223
<i>Linking Excel Data in a Word Document</i>	228
<i>Modifying Excel Data after Insertion</i>	231
<i>Insert an Excel Chart into a Word Document</i>	232
Lesson 5.4: Using Excel and Access	236
<i>Linking an Excel Workbook to an Access Database</i>	236
<i>Importing Table, PivotTable, and PivotChart Data from Access</i>	240
<i>Transforming an Excel Workbook into an Access Database</i>	245
Lesson 5.5: Using Excel With other Programs and Files	251
<i>Using Outlook to Send Excel Data</i>	251
<i>Opening an Excel File in a Different Format</i>	253
<i>Importing Data from a Text File</i>	260
<i>Importing Data from External Data Sources</i>	264
<i>Publishing a Workbook as a PDF File</i>	269
<i>Faxing a Workbook</i>	274
Index	277
